

Why Buy From Us

The Erne and Melvin Enhancement Co prides itself in supplying high quality, disease free fish to our customers. All fish are originally sourced from wild parentage and no selective interbreeding takes place, thus ensuring our stock have all the wild fish attributes that you should expect. We supply fish at an extremely competitive price and delivery costs are kept to a minimum. Upon receiving an order we will deal with all paper work regarding fish movements and inter country fish movement licences. Delivery of fish is carried out by trained staff and we only use specialised transportation tanks to move fish. Good welfare of fish in transit is paramount to having a successful fishery.
